The text is organized into three parts. Part I discusses the foundational concepts of ethics and ethical decision-making in the helping professions. Part II explores specific ethical issues that arise in practice, such as confidentiality, informed consent, dual relationships, exploitation, and boundary violations. Part III provides a framework for ethical decision-making and guidance on how to navigate the complex ethical challenges that arise in the helping professions.

## Key Features

- **Comprehensive coverage of ethical issues in the helping professions:** The text provides an in-depth examination of the ethical dilemmas that arise in the provision of mental health care, social work, and other helping roles.
- **Case studies:** The book includes numerous case studies that illustrate the ethical challenges that arise in practice and provide readers with a deeper understanding of how to resolve ethical dilemmas.
- **Ethical decision-making framework:** The text provides a step-by-step framework for ethical decision-making that can be applied to the resolution of ethical dilemmas.
- **Up-to-date content:** The 10th edition has been updated to reflect the latest changes in ethical guidelines and best practices in the helping professions.
