Print length : 7 pages

## Materials Required

- Plastic canvas (7-count)
- Yarn (worsted weight acrylic or cotton yarn in desired colors)
- Yarn needle

- Scissors
- Measuring tape or ruler
- Buttons or snaps for closure (optional)

## **Step-by-Step Instructions**

### **Step 1: Measure and Cut the Plastic Canvas**

Begin by measuring and cutting a piece of 7-count plastic canvas. The size of the canvas will depend on the size of your eyeglasses. Measure the height and width of your eyeglasses and add 1 inch to each measurement for seam allowance. Cut the plastic canvas to this size.

### **Step 2: Create the Base**

Using a yarn needle and worsted weight yarn in your desired color, start stitching along the edges of the plastic canvas. Create a single crochet stitch around the entire perimeter of the canvas. This will create the base of your eyeglass case.

### **Step 3: Stitch the Sides**

Once the base is complete, turn the plastic canvas over and begin stitching up the sides. Continue using a single crochet stitch, working along the edges of the canvas. Stitch up three sides, leaving the top open.

### **Step 4: Create the Flap**

For the flap, cut another piece of plastic canvas slightly larger than the opening of the eyeglass case. Stitch the flap to the top of the case using a single crochet stitch. Leave the sides of the flap open for now.

## **Step 5: Embellish and Decorate**

Now it's time to add some personality to your eyeglass case! You can use different yarn colors to create patterns, add beads or sequins for embellishment, or embroider designs onto the plastic canvas. Get creative and explore your own artistic style.

## **Step 6: Finish the Flap**

Once you're satisfied with the embellishments, fold the sides of the flap over and stitch them together using a single crochet stitch. This will create a secure closure for your eyeglass case.

## **Step 7: Add a Closure (Optional)**

To add a button or snap closure, simply sew a button or snap to the center of the flap and another to the front of the eyeglass case. This will keep the case securely closed when not in use.

## **Tips for Enhancing Your Project**

- Use different yarn weights and textures to create depth and interest.
- Incorporate beads or sequins into your stitches for added sparkle.
- Add a lining to the inside of the eyeglass case for extra protection.
- Create a matching strap or keychain for added convenience.
- Experiment with different plastic canvas shapes and sizes to create unique eyeglass cases.

Congratulations on creating your very own Reading Eyeglass Case Plastic Canvas Pattern! This practical and stylish accessory will protect your eyeglasses while adding a touch of your personal style. Whether you're

using it for your daily reading or keeping your eyeglasses safe on the go, this handmade case will keep your eyewear safe and secure. So embrace your creativity, experiment with different materials and designs, and enjoy the satisfaction of crafting a unique and functional accessory that complements your style and protects your precious reading glasses.
