The *Trawler Trash* series by Meade Breeze is an exciting and unique adventure series that follows the lives of the Decker family, a group of fishermen who live and work on their boat, the *Dreamweaver*. The series is full of action, adventure, and suspense, and it has quickly become a popular favorite among readers of all ages.

In the first book in the series, *Trawler Trash*, the Decker family is facing financial ruin. They are behind on their mortgage payments, and their boat is in need of repairs. Desperate for money, they decide to take a chance and go deep-sea fishing for tuna. However, their adventure quickly turns into a nightmare when they are caught in a storm and their boat is damaged. With their lives on the line, the Deckers must fight for survival.

The second book in the series, *Trawler Trash: The Revenge*, finds the Deckers still struggling to make ends meet. They are forced to take on dangerous jobs, and they are constantly worried about losing their home. However, when they are given the opportunity to participate in a fishing tournament, they see it as their chance to finally turn their lives around. However, the tournament is not what it seems, and the Deckers soon find themselves in over their heads.

The third book in the series, *Trawler Trash: The Redemption*, finds the Deckers at a crossroads. They have finally achieved financial success, but they are still haunted by the past. When they are offered the chance to go on a fishing expedition to the remote island of Tristan da Cunha, they see it as their chance to finally put the past behind them. However, the expedition is not without its dangers, and the Deckers must once again fight for their survival.

The *Trawler Trash* series is a gripping and exciting adventure series that will keep you on the edge of your seat from beginning to end. The characters are well-developed and relatable, and the stories are full of action, adventure, and suspense. If you are looking for a great read, then I highly recommend checking out the *Trawler Trash* series.
